#### MANAGEMENT REPORT

The information contained in this Statement of Financial Information under the *Financial Information Act* and Section 376(1)(b) of the *Local Government Act* and Section 168 of the *Community Charter* have been prepared by management in accordance with Canadian public sector accounting standards or stated accounting principles, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all the statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Directors is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and exercises this responsibility through the Audit Committee of the Board. The Audit Committee meets with management and the external auditors three times a year.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the annual consolidated financial statements. Their examination does not relate to the other schedules and statements required by the Act. Their examination includes a review and evaluation of the Thompson-Nicola Regional District's system of internal control and appropriate tests and procedures to provide reasonable assurance that the consolidated financial statements are presented fairly. The external auditors have full and free access to the Audit Committee of the Board and meet with it on a regular basis.

On behalf of the Thompson-Nicola Regional District

Douglas Rae, CPA, CA Chief Financial Officer

The difference between the total payments listed and the consolidated financial statement expenditures are due to:

- Adjustments to accounts for the difference between payments made on a cash basis and the audited financial statements reporting expenditures on an accrual basis of accounting.
- The Consolidated Financial Statement balance listed above takes into consideration adjustments for opening and closing balances of accounts payable, prepaid expenses, short and long term debt principal.
- The listing included for goods and services includes GST paid while the financial statement expenditures are net of GST rebates
- The schedule of remuneration includes staffing costs for the Strata Corporation (KAS2093)
- Capital expenditures are shown as payments to vendors in the good and services listing but the financial statement expenditures exclude capital expenditures.
